Mod: DSH-6

Production code: FSHC6W1

Diamond
catering equipment

The Flav-R-Savor® Portable Holding Cabinet is capable of holding all types of hot foods at optimum serving temperatures. Thermostatically-controlled heat and humidity allows you to prepare food in advance of peak periods and hold it for hours.

FLEXIBILITY

This easy to maneuver Portable Holding Cabinet is made of stainless steel and painted silver-gray top, sides, and back. It features a digital temperature readout and a large tempered glass or insulated stainless steel door. Convenient tray slides hold food pans on 3" (76 mm) centers or 1.5" (38 mm) centers, and can be removed easily for cleaning.

The Flav-R-Savor Portable Holding Cabinet is perfect for serving counters, buffet lines, drive-up windows, point-of-service or preparation areas. FSHC-6W1 and -6W2 units are small enough to fit under normal kitchen counters when ordered with low profile casters.

Portable Holding Cabinets can be stacked one on top of the other providing two separate humidified temperature zones. Ideal for schools, hospitals, concessions, and cafeterias where backup food storage is needed.

The Glo-Ray® Carving Station is available to be placed on top of the Flav-R-Savor Portable Holding Cabinet to create a complete serving station for buffet lines.

QUALITY

The following features assure the finest performance for years to come:

- Thermostatically-controlled heat and humidity holds hot food at optimum serving temperatures longer.
- Allows preparation of food in advance of peak serving periods.
- Electrical components, controls, and water reservoir are located at the top for easy access.
- Adjustable humidity and temperature controls, digital temperature readout, insulated side walls, field reversible glass doors, large swivel casters with wheel locks, and 6' (1829 mm) recessed cord and plug are standard.
