

06/2019

# **Mod: CLE-2C**

**Production code: 46050031**

## ESPLOSO - MACHINE COMPONENTS 1/2

## ESPLOSO - MACHINE COMPONENTS 2/2

|                                               |                           |                              |
|-----------------------------------------------|---------------------------|------------------------------|
| 1. Asta ingresso acqua                        | Water inlet rod           | Tige pour l'eau              |
| 2. Coppiglia Ø 2                              | Safety pin Ø 2            | Goupille fendue              |
| 3. Gomito M.F. 1"                             | M.F. elbow 1"             | Coude de tuyauterie 1"       |
| 4. Saracinesca ottone 1"                      | Brass gate 1"             | Vanne en laiton 1"           |
| 5. Manicotto scarico vasca                    | Tank discharge coupling   | Fourreau                     |
| 6. Gomito 1"1/2                               | Elbow 1" ½                | Coude de tuyauterie 1" ½     |
| 7. Asta scarico                               | Discharge rod             | Tige de déchargement         |
| 8. Volantino                                  | Handwheel                 | Volant                       |
| 9. Grano M6X6<br>inox                         | Stainless steel M6x6 bolt | Grain en acier inox M6x6     |
| 10. Boccola                                   | Bushing                   | Douille                      |
| 11. Molletta                                  | Clip                      | Ressort                      |
| 12. Saracinesca ottone 1"1/2                  | Brass gate 1" ½           | Vanne en laiton 1" ½         |
| 13. Vite 1"1/2                                | Screw 1" ½                | Vis 1" ½                     |
| 14. Tronchetto 1"1/2                          | Stud pipe 1" ½            | Tuyau 1" ½                   |
| 15. Fascetta 40X60                            | Clamp 40x60               | Collier 40x60                |
| 16. Manicotto troppopieno                     | Overflow coupling         | Fourreau                     |
| 17. Raccordo a T 1"1/2 PVC                    | PVC T-piece 1" ½          | T raccord PVC 1" ½           |
| 18. Manicotto aspirazione                     | Suction coupling          | Fourreau                     |
| 19. Asta regolazione lavaggio                 | Wash regulation rod       | Tiege de lavage              |
| 20. Saracinesca ottone 1' ¼                   | Brass gate 1' ¼           | Vanne en laiton 1'¼          |
| 21. Tronchetto 1' ¼                           | Stud pipe 1' ¼            | Tuyau 1' ¼                   |
| 22. Fascetta 40x60                            | Clamp 40x60               | Collier 40x60                |
| 23. Manicotto mandata<br>pompa                | Pump coupling             | Fourreau de la pompe         |
| 24. Pompa                                     | Water pump                | Pompe                        |
| 25. Vite inox                                 | Inox screw                | Vis inoxid.                  |
| 26. Ghiera freno                              | Clip                      | Ressort                      |
| 27. Freno meccanico                           | Brake                     | Frein                        |
| 28.                                           |                           |                              |
| 29. Motore elettrico                          | Electric motor            | Moteur electrique            |
| 30. Ventola                                   | Fun                       | Ventilateur                  |
| 31. Cesto inox                                | Inox basket               | Panier inoxid.               |
| 32. Supporto trascinamento<br>cesto – acetico | Acetalic support basket   | Support de panier en acealic |
