LEGGIMI - README

A

I tasti con gli spigoli arrotondati (vedi esempio) hanno come distinzione una lettera al posto del numero e vengono inseriti in icone dove è necessario un maggiore dettaglio.

Una volta aperto il dettaglio, si potrà ritornare alla selezione precedente, tramite il tasto "BACK"

The keys with rounded edges (see example) have a letter instead of a number as a distinction and are inserted in icons where more detail is required. Once the detail has been opened, you can return to the previous selection using the key "BACK"

[BACK](#)**B**

I tasti con la colorazione diversa (vedi esempio) collocati in corrispondenza del titolo "DETTAGLIO" aprono una pagina di ulteriore dettaglio, relativa al gruppo o all'insieme indicato dalla lettera riportata sul tasto.

Il tasto "BACK" riporta alla selezione precedente.

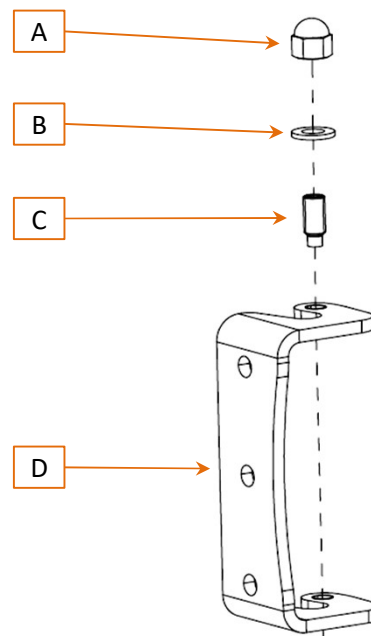

The keys with different colors (see example) placed in correspondence with the title "DETAIL" open a page of further detail, relating to the group or assembly indicated by the letter shown on the key.

The "BACK" key returns to the previous selection.
