Black display cooler with great visual impact

With a finish in pure black, the CEV425-I BLACK is a great alternative to white units. Because of the black finish, the units content is more eye-catching and elegantly presented.

This all black cooler without canopy is perfect for shops, supermarkets as well as a larger upright backbar in pubs and restaurants. Anywhere you want to make a beautiful and eye-catching display with wine, beer or other beverages.

It has internal LED lighting, which attracts more attention to the units content. It is a highly presentable bottle fridge great for display. Like our best selling white unit CEV425-I it is a value for money solution.
